New Partner Dolphin-House

We're excited to share with you that we have a new partner in the wellknown diving town of Moalboal, Cebu. Dolphin-House Resort & Spa can now be booked directly through us via our Island Hopping trips. Dolphin-House is our third partner in Moalboal, after Kasai Village and Turtle Bay.

New Destination Sugar Beach, Sipalay

We're teaming up with Takatuka Lodge and the Takatuka Divers on the famous Sugar Beach in Sipalay! We've purchased property on Sugar Beach, where we will be running our own dive operations and resort by the end of 2020. Sipalay has more than 30 exceptional dive sites, numerous marine protected areas, drop-offs, coral gardens and wrecks. Another one for your bucket list!

Pamilacan Island

It's sometimes tricky to get a slot for dives at the famous Balicasag Island off the coast of Bohol, especially when you're booking a last-minute holiday. In case you can't make it to Balicasag, enjoy a dive at beautiful Pamilacan Island. Like Balicasag, Pamilacan is home to schools of Jacks, turtles and soft corals. It's only 45 minutes from the Sea Explorers Dive Center in Alona Beach. We suggest going at the crack of dawn so dolphins can accompany you on the way.

Thank you for your trust, all these years. We wish you a meaningful holiday season and a bountiful 2020. We hope to welcome you back next year!
